Will the Minister of COMMUNICATIONS AND INFORMATION TECHNOLOGY be pleased to state:

-

(a) whether the manufacturing base of electronic products is inadequate in the country;

(b) if so, whether the Government has any proposal to set up electronic product manufacturing clusters to meet the demand of such products in the country; and

(c) if so, the details thereof along with the number of such clusters which have been established in the country, so far, State-wise?

Answer

MINISTER FOR COMMUNICATIONS AND INFORMATION TECHNOLOGY (SHRI RAVI SHANKAR PRASAD)

(a): As per the report of the industry Task Force constituted to suggest measures to stimulate the growth of IT, ITES and Electronics Hardware Manufacturing in the country, the demand for Electronics Manufacturing System Design (ESDM) in the country was USD 45 Billion in 2008-09 and is projected to increase to USD 400 Billion by 2020 at a growth rate of 22%.The domestic production is expected to grow from USD 20 billion to USD 100 billion leaving a gap of USD 300 billion.

(b): Electronics Manufacturing Cluster (EMC) Scheme has been notified vide Notification No 8(50)/2011-IPHW dated 22nd October 2012. Under the EMC Scheme, Financial assistance is available up to 50% of the project cost in case of a Greenfield EMC (subject to a ceiling of Rs 50 crores per 100 acres of land). In case of Brownfield EMC, the financial assistance is upto 75% of the project cost (subject to a ceiling of Rs 50 crores). Guidelines for EMC Scheme are available on DeitY website (deity.gov.in). These guidelines contain detailed terms and conditions of the scheme and procedure to apply for the scheme along with the application formats.

(c): Till date Government has accorded in-principle approval to 8 Greenfield Electronics Manufacturing clusters across the country. State wise details are given below:

#	State	Chief Promoter	Location of Cluster	Proposed Area of EMC (Acres)
1	Kerala	Kerala Industrial Infrastructure Development Corporation (KINFRA)	Khakhanad, Kochi	75.0
